THE CALIFORNIA INDEPENDENT  
TICKET.

The leading papers of our neighboring State have all commented on the State ticket put up by the Independents. The San Francisco Post says the proceedings of the reformers of Sacramento, both in and out of convention are exceedingly funny. We find a body of men assembled, "fresh from the people," as their organs tell us, innocent of the ways of politicians, with a single purpose of nominating a ticket that shall be most acceptable to the public. The Independents may well declare that they are not politicians. The merest tyro in politics ought to have more political sense than they have manifested in this ridiculous business. The Chronicle comes out flat-footed in support of the Independent ticket, and claims that it is the true Republican ticket which every honest man of the party can endorse. It considers the result of the Convention as a defeat of the politicians and triumph of the people. The Bulletin thinks the Independents have put forward their strongest man in the person of General John Bidwell of Butte. And Mr Pacheco the nominee for Lieutenant Governor it says is a native Californian, and the only one who has attained to high office. In the nature of things there will not be many of which the same can be said on the same ticket with him. The Call says there is a kind of poetic justice in the nomination of Bidwell by the Independent party, at this juncture. Gorham, his old opponent, is the head and front of the political organization of which, eight years ago, both were leading members. Gorham continued to rise in power in the party, while Bidwell, with thousands of other old-time Republicans, has become identified with a new party. Gorham has just placed his man before the people, and is now going about the State making speeches in his behalf. At this point, Bidwell steps into the ring to try the issues before the people. The Record-Union says the Independents unquestionably made the strongest nomination on their ticket when they selected Mr. Pacheco, and we predict that he will run far ahead of his fellow candidates on the day of election. We regret, says the Record-Union, only that he should have been given a secondary position, for though perhaps it would have been too much to expect of a merely human Convention so striking an exhibition of impartial sagacity, we have no doubt that their wisest course would have been to put him where General Bidwell stands. In so doing they would have gone farther than they have done to cement the breach between themselves and the Republicans, and would have secured a much more promising issue for their endeavors than now appears. We are glad that in accepting the nomination Governor Pacheco alluded to the proceeding of the Republican State Convention, since it affords us an opportunity of indorsing his assertion that the will of the party was there openly and notoriously ignored, and that the nominations made are in no sense entitled to be regarded as the acts of the organization. We may add that if we had known before hand, or if we had had any reason to anticipate, that the Independent Convention would develop so refreshing a capacity to rise above narrow partisan views we might have offered it, in all kindness and sincerity, some advice which would, if acted upon, have saved it a good deal of fruitless labor.

Thus it will be seen that the new ticket starts in with a good send-off all around.

As a matter of interest to our Wadsworth readers we clip the annexed from the Borax (Columbus) Miner of last Saturday:

The building of smelting works at Pine Mountain and the probability that others will soon be put in operation at Sylvania brings the question of building a road to connect from Oasis to Pine Mountain prominently before our citizens. The distance saved by a road connecting out this way to Wadsworth would be at least fifty miles, and the character of the road largely in favor of this route. We are informed by teamsters who recently crossed the new road from Pine Mountain to the southward, that it is almost impassable for heavy teams, and that very light grading for a distance of about twelve miles would make a road through from Oasis which would be easy to team over, and almost certain to command the traffic. Smelting furnaces, it is well known, make a vast amount of freight, and if by building a few miles of road the trade can be diverted this way, it is easy to see where the interest comes in. All the Nye county teams would cross to secure return loads, and all those from a wide range of surrounding country would centre in this way and contribute largely to the general prosperity of the section. Having touched upon this subject, we hope our business men will take some steps to open up this new avenue of trade. We think the matter well worthy the attention of our Wadsworth friends also.

The Colorado potato bug (beetle) is advancing East. It has made its appearance in Delaware, Maryland and Virginia, and fears are entertained that the early crop of potatoes will be destroyed in some sections of these States. The farmers there are discussing the best method of fighting said pests; but as yet don't know how to do it. Scientific agriculture should suggest some means of checking the advance of these destroying insects. We cannot find a substitute for potatoes.

In Texas, the other day, a man named Thompson brained his wife with a chair while drunk and attempted to murder his ten-year-old son also, but the lad escaped by running. "The affair," says the local paper, "excites considerable comment, and Mr. Thompson is severely condemned by the community."

GIVING THE MINERS A DAY OF REST.

The employees in the following named Storey County mines have been granted the privilege of attending the Pioneers' Picnic: Silver Hill, Dayton, Baltimore Consolidated, Rock Island, Niagara, Jacob Little, New York Consolidated, Troy Consolidated, Wells Fargo, Senator, Bullion, Utah, Knickerbocker, Phil. Sheridan, Andes, Chollar-Potosi, Consolidated Virginia, C. and C. Shaft, Gould & Curry, Imperial and Empire, Ophir, Crown Point, Belcher and Savage. We suggest the propriety of our Peavine mines granting a holiday to their employes on that day.

BOOTS AND SHOES, ETC.—It is an established fact that these articles can not be got along without. There is no doubt but that John Sunderland can give us complete satisfaction in both respects. Then to Sunderland's, (on Virginia street), we will go, for boots, shoes, slippers, and all goods of that class.

THE WEEKLY JOURNAL.

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at \$4.00 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

How THEY DID IT IS FORTY-NINE.—One of the most interesting features of the great Pioneer picnic to-day is to be the following: When the excursion train arrives opposite the Bowers Mansion grounds, four mule teams will haul the lunch baskets from the train to the grounds, a distance of half a mile or so. These teams are to be driven by four ladies residing in Washoe Valley, who come across the plains in '49, and who wish to show that they can drive mules just as well now as they did then.

To ARRIVE.—Rollin P. Saxe, of blooded stock notoriety, has purchased some thirty head of short horns from the best breeders of Kentucky, and will be at Reno in about two weeks, and lay over for the refreshment and rest of his stock, affording a fine opportunity for our farmers to secure such animals as they may need for the improvement of their neat stock.

I. O. O. F. ELECTION.—On Thursday evening, Reno Lodge, No. 19, I. O. O. F., elected the following officers for the ensuing term: H. C. Sheets, Noble Grand; R. F. Hoy, Vice Grand; H. B. Cossitt, Recording Secretary; A. C. McFarlin, Permanent Secretary; J. S. Shoemaker, Treasurer.

VERDI PLANING MILL.—From the Truckee Republican we learn that the Verdi Planing Mill Company have lately erected a model dry house which is doing very satisfactory work. The building is thirty-two by forty feet, with fifteen-foot posts. The lumber is seasoned by utilizing the exhaust steam of the factory, which is conducted to the building and distributed through the lumber by small pipes, allowing one car of lumber to be taken out at a time, well seasoned, and the car-load of green lumber to be run into the building at the other side. This process of drying lumber is said to leave the lumber in fully as good condition as the best sun-dried lumber. The business of the Verdi Planing Mill is increasing, and new accommodations for storing their supplies are needed. These will soon be provided.

LAST DAY.—Yesterday was the "last day" of school. A large number of parents and visitors were present, and listened attentively to the exercises, consisting of singing, recitations, etc. We were glad to see so many out yesterday afternoon, and we have no doubt that both teachers and scholars appreciated the compliment. Our public schools are a credit to Reno.

NEVADA DEMOCRAT.—Col. Dow informs us that he will be ready to issue the first number of his new paper next week, somewhat earlier than anticipated. It is intended that the new paper shall be the leading Democratic journal of Nevada. It will be the size of the JOURNAL before it was ensnalled. We didn't make much running that size paper, but possibly the Colonel will do better.

GOING ON.—The building mania still rages. Our carpenters have their hands full, and if you want them to do any work for you, it is necessary to engage their services at least a month in advance. Dwelling houses are springing up like mushrooms all around us.

DEPUTY SHERIFF.—Governor Bradley was yesterday appointed, by Sheriff Jones, a Deputy Sheriff of Washoe county. The Governor will enter upon his duties at the picnic grounds to-day.

THE STATE PRISON CONTRACT.—We learn that the bid of ex-Senator Wm. Thompson has been accepted by the Board of State Prison Commissioners. His bond will soon be filed, and then the work will commence in earnest.

J. P. FORTK's saw mill, above Verdi, is in process of construction, and will be put at work in a few days.

NOTICE.—Mr. Neils. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. St. Lee & Co. \*
